MONTHS OF MARRIAGE.

June is first choice.

Russia's favorite marriage month is January.

About an eighth of Scotch marriages take place in June.

In Holland girls prefer to become blushing brides in May.

Germany favors April, regarding it as the first of the spring months.

One-seventh of the Swedish marriages occur in "the month of roses."

February is the first choice in Italy, especially in the period preceding the beginning of Lent.

Turkish Translations.

Bibles and other books are difficult to distribute in Turkey, said a speaker at Exeter hall, London. A work on chemistry was rejected because H₂O (water) was translated as "Hamid Sec-ond is a nobody."

World's Great Men.

Great men are the fire pillars in this dark pilgrimage of mankind; they stand as everlasting witnesses of what has been, prophetic tokens of what may still be, the revealed, embodied possibilities of human nature.—Carlyle.

A Nervy Fifteen-Year-Old Bride.

Of all the year's brides none begins married life with quite such responsibilities upon her shoulders as that fifteen-year-old girl in Farmington who has married a man with ten children.—Daily Kennebec Journal.

Effect of Color on Plants.

Put a growing plant under red glass and it shoots up very tall and spindly. Green glass causes a similar effect, but not quite so strongly marked. Blue glass, on the other hand, seems to dwarf vegetable growth.

g is Terrorized.

A singular instance of a dog being fascinated by terror is recorded from Nottingham, England. A terrier wandered on to the railway line when an express was approaching. It was so fascinated at the sight of the monster that it stood stock still, and the train hundered over it at fifty miles an hour. The dog was found unhurt, but shivering with fright.

Criminality of Professions.

A French professor has been inquiring into the comparative criminality of the professions. He finds that the convictions per 100,000 of each are as follows: Lawyers, 100; artists, 33; doctors, 25; lay teachers, 19; clerical teachers, 7; Catholic clergy, 4.

If You Have Been in the Habit

Of simply ordering coal without mentioning the kind don't do it any more.

It would pay you to experiment right away, in order to make that next pay check go a little further.

Order a ton of Castle Gate Coal, and after you have burned it, order a ton of some other kind.

Use the coal for the same purpose, and you'll find that Castle Gate will accomplish better results, and last nearly again as long.

ONE PRICE TO ALL NEVER UNDERSOLED

Tuesday's Specials in Fall Millinery

Trimmed hats at \$2.50, \$3.50, \$4.50 and \$6.50. They reach the acme of style and quality; they are without question, the best values obtainable in Salt Lake at those figures. Materials in them are the best. They have that chic appearance that characterizes high class productions.

We recognize the prices above mentioned are the most popular, and for that reason we make special efforts on these lines for this week.

Difficult Road Building.

Thirty-three tunnels were blasted with dynamite in the construction of the circum-Baikal branch of the Transsiberian railway. The entire length of the line is only 152 miles. Its construction was begun in 1899.

Still Loaded.

The smart young man who remarked to a bright woman, "We do not read in scripture that seven devils were cast out of any man," was met with the reply: "No, they have got them yet."

Books Bound in Cloth.

Books were not bound in cloth until 1823, when an English publisher took up the idea.
